SUSQUEHANNA TRAIL WOODWORKERS GUILD

PRESIDENTS LETTER

As we draw near the end of 2022, it's hard to believe I will be handing over the reins to John to lead you into the new year. Although it's done with a bit of sadness, I know John will do well for the group and I pass the torch into capable hands.

It's been great leading the group over the last two years. The support and ideas presented have been amazing and I can thank every one of you for the success of our group. Your participation in the discussions and the ideas brought forth have been vital to our continued success. Your willingness to share your knowledge, as well as the awesome presentations we've had, I have taken my skills to the next level.

But, you are not getting rid of me that easily. In the new year, I plan to focus on getting our name out in the public more with some local events. So, be prepared for me to harass you to help out with the booths!

Again, I thank you all for your support over the last couple of years and I look forward to how we can grow in the coming year.

Please remember to STAY SAFE and
KEEP CREATING!
