STWG

SUSQUEHANNA TRAIL WOODWORKERS GUILD

New Freedom Fall Fest

Continued on Page 5

Editors note: A recent review noted that the mortality rate of fractal wood burning cases was "significant" and "exceedingly high." The American Association of Woodturners has, on safety grounds, banned any demonstrations or sales related to the practice at its events, strongly discourages any of its chapters from promoting the practice, and refuses to publish information about the practice other than safety warnings. The Association of Woodturners of Great Britain, Canada, and many other countries, have instituted the same policy.

Our next meeting will be Thursday, Sept. 26th, at 7 pm. The usual location at the church. Our guest will be Mike Gallaway, who will discuss Inlay.

New Freedom Fall Fest
