TOOLS FOR SALE

One of our former members, Joie Henney, is selling many of his woodworking tools. Some of the things he will be parting with are: saws, planer, drill press, dovetail jig, lumber and more. The lumber includes quartersawn sycamore, mahogany, cherry, oak, figured American elm, and maple of all kinds. He also has 4 28' storage trailers. A bundled deal is an option.

To find out more, contact Joie directly, or reach out to Tracy for his contact information.
