PRESIDENT'S MESSAGE

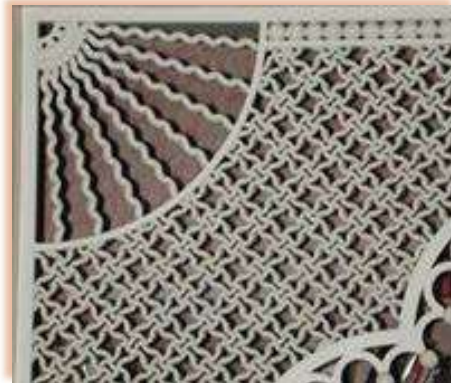

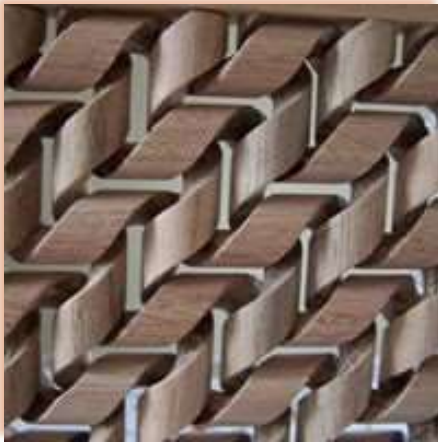

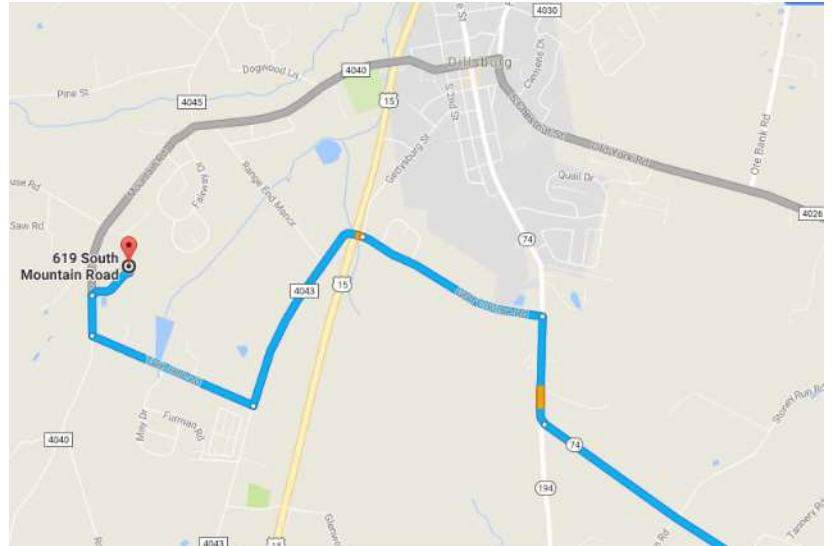

This month, Guild member Mark Bortner has arranged a special visit for a presentation on Moorish Fretwork. Paul Tucker is a published expert on this unique method of woodworking that originated in the 1880s. It involves taking milled spiral mouldings and then "weaving" them together to create many different ornamental patterns and designs.

Take a look at page 2 for some examples as well as directions to the location.

THIS MONTH

Moorish Fretwork - Dillsburg

Take Route 74 north from Dover. As you pass Northern High School (before entering Dillsburg), turn left on Golf Course road. Continue on Range End road and turn right on Twin Hills road. Turn right on South Mountain road. Location is 2 tenths of a mile on the right.
