

January 2014

NEWSLETTER

Meeting Date: January 23, 2014

Place: Agricultural & Industrial Museum

217 W Princess St., York, PA

Time: 7:00 PM

The President's gavel will be changing hands this month from Palmer Burke to Joie Henney. We want to THANK Palmer for his leadership over the last two years. He helped to find many wonderful speakers and kept the meetings on pace. We look forward to a great year with Joie at the helm! Dennis Kunkle will serve as First Vice President and the Second Vice President will be announced at the meeting.

It's too bad about the poor weather we had in December during the weekend of the Holiday Party. To our knowledge only one member showed up at Ray Parson's home. John Haynes is a newer member of the Guild but he hails from the state of Michigan and to him, the snow was nothing more than a nuisance!

President Joie reports that Mike from the Woodcraft will be speaking at the next meeting on Line and Berry Inlay. Plan to attend the meeting to learn some of the secrets of this delightful craft.

Don't forget that Show & Tell is still an important part of STWG's monthly meetings. Bring your latest project along to share.

OCTOBER MEETING

We were very fortunate to have Andrew Maher of Andrew Maher Custom Furniture and Repair as our speaker in October. He spoke about his business that he operates from Thomasville, PA. He also provided a demonstration of his portable knock down lathe. This is run by using a treadle, foot and leg powered, rather than electricity. He made the lathe himself and uses it for demonstrations at places like Colonial Days in East Berlin, PA. We thank Andrew for sharing his experiences with the members.

Allen Brittell provided a status update of the Guild's finances with his Treasurer's report.

Ray Parsons gives the lathe a try. Always ready to impress Dennis Kunkle has a try at it as well.

We are certain it takes a great deal of coordination to properly operate the treadle and turning at the same time.

OCTOBER SHOW & TELL

Nelson Shrunck shared the jig that he made for cutting cove moldings. It made the job almost easy!

Palmer Burke shared this photo of the fireplace fascade that was constructed using poplar and was finished with paint.

DUES FOR 2014 ARE NOW DUE!
You can pay at the January meeting or
submit your **CHECK, payable to STWG to:**

ADDRESS SERVICES REQUESTED

If you are receiving this newsletter by mail and are able to receive it by email, please provide Allen Brittell with your e-mail address. This will help save a tree, giving you more wood for use in your workshop!

If you have a change of address, either postal or email, remember to let Allen know.
