If you would like to be a speaker or know of someone that would be interested in talking to the club, please let Ray know.

Bob Aspey will make-up signs for the club to be posted at different location promoting the club.

The club now has it's own email address. It is:
woodworkingclub@yahoo.com

MEETING DIRECTIONS

From the south, take Rt. 83 or the Susquehanna Trail straight into York. Turn left at the Post Office (Princess Street) and proceed 2 1/2 blocks to the museum on your right. From the north, take George Street into York, through the square. Turn right at the post office and proceed 2 1/2 blocks to museum on your right. From the west, take Market Street into York, cross over the Codorus Creek, turn right at the light on Pershing Ave and go 2 blocks to the light on Princess Street. Turn right and the museum will be on your right. From the east, take Rt. 30 to George St and turn left (south) into the city. Go through the square and turn right at the post office (Princess Street) and proceed 2 1/2 blocks to the museum on your right. There is ample parking in front of the museum as well as the parking lot across the street.

THIS MONTH'S MEETING

Our speaker for this month's meeting will be Bill Warner. Bill will be sharing with us his knowledge of antique tools. Do you know what a Spill plane is? If not come to the meeting and find out. If you have some old tools bring them along so we can talk about them.

LAST MONTH'S MEETING

Last month's meeting was a self-guided tour of our new meeting place at the Agricultural & Industrial Museum. After our regular business meeting and Show and Tell, members and their families were able to walk around and check out all of the displays and items that the museum has to offer. Many members had a good time reminiscing about some of the places they used to work for or items that they used to work with. The York Historical Trust is doing a great job in displaying and preserving York's past.

OUR FIRST SHOW

On July 10th at 2:00 pm the York Historical Society opened it's doors for the first Susquehanna Trail Woodworkers Guild woodworking show. Seven members put on a very impressive display of their work. Only one local newspaper came through with an announcement about the show so our attendants was not as good as we had hoped it would be. However we did have about 2 dozen people. Many of those who came were there looking for more information on the club. Dennis Kunkle, Bill Warner, Ray De Gennaro and Mike Galloway were on hand to promote the club and talk about the items on display. We hope

to do this again next year and make it an even better show with some of the things that we learned from this years show. The items that were on display will continued to be shown on the upper level of the museum for a month so you still have time to check them out. Special thanks to Dennis and Bill for all the work they did putting this show together. Check out additional pictures from the show on page 4.

CLUB TABLE DONATION

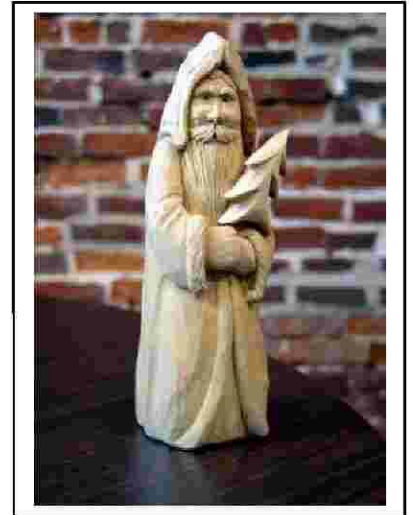

You may recall a few months ago we talked about the club building table that would be donated to the York Heritage Trust to be used as a work table at the Plow Tavern. Our Vice President, Dennis Kunkle tried to put this together thinking that several people could build parts of the table. Well it became

very difficult trying to figure out who could do what and getting the table around for everyone to work on their part. So Dennis took on the whole project by himself. Not only did he build the table he also supplied all the lumber. The museum was very happy to receive this table and has already put in place and in use. We are continuing to work on getting some type of media coverage on the table to promote the club. We wish to thank Dennis for all the work he did building this table and promoting our club.

SHOW AND TELL

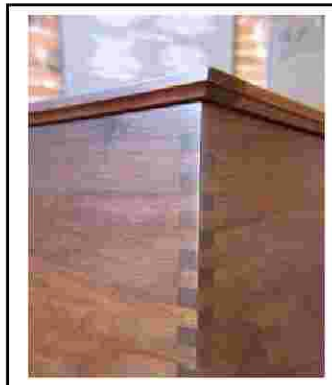

Rod Flinchbaugh talks about one of the four carvings he brought in. Rod has won many top honors at woodcarving shows through out the state along with being recognized by the Caricature Carvers of America as a top caricature carver. Rod also teaches woodcarving and can be contacted at: 717-764-3717
