PRESIDENT'S MESSAGE

It was great seeing everyone out last month for our relocated monthly meeting Mark Bortner gave us a very informative tour of the Mitre Wright facility. It must be nice to have the space to layout all that big equipment. Take a look at the pictures and dream about upgrades for your workspace. 😊 Stay tuned for next week's meeting when another member shares his bat making secrets.

- Gary E. King S.T.W.G. President

THIS MONTH

Billet--a small chunk of **wood**; a short section of a log, especially one cut for fuel.

Guild member Richard Hightman will be sharing with us his varied experiences with turning a Billet of wood into a baseball bat. Having taken a course with Woodcraft—Richard has mastered the skills and will demonstrate some of them for us and answer any questions.

LAST MONTH

Last month our meeting was held at Mitre Wright where Mark Bortner gave us a personal tour of the facility. Clearly you need the right equipment to get everything done efficiently and on time. Take a look at some of the photos and see a little of the site.

See the photos on the following page.
